EXPERIENCE

CODE by COMTRADE, Belgrade — QA Lecturer

March 2021 - PRESENT

I get to teach people! Currently I'm teaching people manual and automatic testing with Python and Selenium.

Multiple Clients, Belgrade — Freelance web developer & SEO Consultant

July 2014 - PRESENT

Offering Web Development, UI/UX and SEO services to multiple clients. During the years

MarkLab, Belgrade — Web Developer

February 2020 - August 2020

Here I was in a client-facing as well as development position. Immensely optimized business workflow, decreased delays and increased the productivity of the entire team.

FIM d.o.o, Remote — Web Developer

August 2019 - March 2020

Designing, Developing, Optimising and localising several different websites to better suit the Balkan economic and cultural region.

EDUCATION

MEF Fakultet, Beograd

October 2019 - PRESENT

Currently studying software development and working on my degree.

Elektrotehnička škola "Rade Končar", Beograd — IT

September 2015 - May 2019

This is the High School that I finished and got my title "Elektrotehničar Informatičar Tehnologija"
